CHANGING THE VIEWS IN ELM

### Changing from Fluid View to Classic View

ELM 9.2 defaults the user to the Fluid view due to it's increased flexibility for mobile devices.

#### 1 Changing to Classic View

To change the Fluid view to the Classic view, click on the Navigation Button.

At the bottom of the drop down select "Classic View". The screen will change to the classic main menu page.

#### 2 Changing to Fluid View

To change your view back to the Fluid view you simply click on the Home button.
